“ *We were saddened by the news of Virginia passing. We knew she was having difficult health issues, but the cancer was something new to her and family. We always enjoyed our regular Christmas Eve dinners with the Braswell's/Yancey's and Virginia was always there cooking when we arrived and she always had a kind word for us. She had become a part our family or rather we had become a part of her family, I don't know which, we'll just call it family. Virginia was a very gracious lady to be sure and we loved her just as much as if she were our sister. She had a dry wit that we loved and laughed with her. She will be sorely missed. To her family: A person that departs from this earth never truly leaves, for they are still alive in our hearts, through us, they live on. Our condolences. Bill and Dolly Alexander*
