“ *Whitni is so incredibly special...I have spent time over the past many days remembering how kind, creative and funny she was created to be.*

I have no memory at all of her ever being unkind to anyone.

That is something I can say about so few.

I still have perhaps a dozen or more letters and drawings from her from 30 years ago. I still have memories of the harmonies she would sing we would all play music together. A photo of Christian and I performing in downtown Buford from 1996 hangs in our home. Whenever I see it I have the memory of Whitney standing next to Kristina while the image was captured.

In the past couple of years when Whitney announced her pregnancy and Phinneas was on the way, we reconnected briefly. I sent books for Whitney to read to her new son on his arrival.

Half of the notes and letters I have from Whitney say “Smile God loves you” somewhere on them. I remember saying this over and over to her and hearing it...and hearing it...

My heart breaks for you today. My heart is with you all today. Please accept our deepest regrets for not being able to be physically present at the service this morning.

We are sending our love and a gift to Ansley’s fundraiser for Whitney’s children. Please let me know if there is anything we can do in the coming days, months and years. We would love to see you.

This morning I know Whitney would want us to remember to

Smile

God Loves Us
