“ He was my Broker in real estate from 1991-2002. I was in an accident and had a head injury. During my rehab, he was there for me for my real estate business. He had a friend who had a head injury from a motorcycle accident. I don't think I could have been a top agent again without his help & support. He was a very kind man. Agents loved him. He had great humor.

Joyce Fahl
The best boss I ever had in real estate. He supported me after I had a traumatic head injury. I owe me getting back into real estate after my accident. Great man. I moved out of Gwinnett County in the early 2000's. He would still call me and check on me to make sure I was still doing good in real estate. Agents loved working for him.
