“ *We became so fond of Darleen and Earl in such a short time. Kowing your parents have made us both a better person, you're in our prayers, you all are a wonderful family.*

*Our love and deepest sympathy

“ *My heart is heavy. I have many, many memories of the Wagner--Worsham times. The majority of my childhood memories include Aunt Darlene, Uncle Earl, Rick and Teresa. We spent so much time together that I feel like Aunt Darlene was my second mother. Already I miss the closeness our families shared. Please know that my thoughts and prayers are with my Uncle and my cousins and their families. Peace and love to all. Kathy.*
